## AVAYA J139 IP DEVICE

Cost-effective IP Phone with a Targeted Feature Set that Provides Secure, Reliable, Basic Voice Communications

The J139 IP Phone is a multiline device with four red/green line/feature indicators around the color display. It is designed for business workers that need only the most frequently used features.

The Avaya Essential Experience J139 IP Phone is a cost-effective IP device that addresses the need for secure, basic voice communications for users within large Enterprises and Small and Medium-sized companies. It is well suited for users that need only the most commonly used voice features. It provides a new level of simplicity in using features such as Hold, Transfer, Conference, Forward, and Call Park / UnPark.

### Key Features and Benefits

- Delivers high definition audio that can increase productivity by reducing fatigue and provides easier-to-understand multi-party calls through the wideband audio codec in the handset and headset.
- Simplifies call control on the display using softkeys for everyday functions such as transfer, conference and forwarding; also makes it easy to perform everyday tasks such as quick access to recent call log (100 entries)/ Aura Contact List (250 entries)<sup>1</sup>.
- Provides visual cues that can speed task management through 4 dual-color Red/Green LED buttons.
- Improves flexibility through support of a secondary Gigabit Ethernet port for a PC.
- The handset has built in volume boost for hearing impaired to avoid having to purchase a separate amplified headset.
- Accommodates advanced unified communications solutions through Session Initiation Protocol (SIP).
- Supports reduced energy consumption and lower costs through Power-over-Ethernet Class 1 design with “sleep mode”.

<sup>1</sup> OPUS codec is not supported with IP Office

<sup>2</sup> Supported with Avaya Aura® only

<sup>3</sup> Requires Enhanced IPT or Core License with Avaya Aura
